

SUMMARY REPORT

on public accreditation of the cluster
of educational programmes in

- «Land Management and Cadastre» (21.03.02),
- «Land Management» (21.02.04),
- further education programme «Cadastre of Real Estate»

delivered by Stolypin Ulyanovsk State Agrarian
University

2018

While preparing this presentation we used information from the Self Evaluation Report and the Report of the External Review Panel of the cluster of the educational programmes «Land Management and Cadastre» (21.03.02), «Land Management» (21.02.04), further education programme «Cadastre of Real Estate» delivered by Stolypin Ulyanovsk State Agrarian University.

The presentation document for the use by the National Accreditation Board.

GENERAL INFORMATION ON EDUCATIONAL INSTITUTION

Full name of the educational institution	<i>Federal State Budgetary Educational Institution of Higher Education «Stolypin Ulyanovsk State Agrarian University»</i>
Founders	<i>Ministry of Agriculture of the Russian Federation</i>
Year of foundation	<i>1943 — Ulyanovsk Agricultural Institute of USSR People’s Commissariat of State Farms</i> <i>1994 — Ulyanovsk Agricultural Institute</i> <i>1996 — Ulyanovsk State Agricultural Academy</i> <i>1997 — State Educational Institution «Ulyanovsk State Agricultural Academy»</i> <i>2002 — Federal State Educational Institution of Higher Professional Education «Ulyanovsk State Agricultural Academy»</i> <i>2011 — Federal State Educational Institution of Higher Professional Education «Ulyanovsk State Agricultural Academy»</i> <i>2012 — Federal State Budgetary Educational Institution of Higher Professional Education «Stolypin Ulyanovsk State Agricultural Academy »</i> <i>2014 — Federal State Budgetary Educational Institution of Higher Education «Stolypin Ulyanovsk State Agricultural Academy»</i> <i>2017 — Federal State Budgetary Educational Institution of Higher Education «Stolypin Ulyanovsk State Agrarian University»</i>
Location	<i>1, Novy Venets Boulevard, Ulyanovsk, Ulyanovsk Region, 432017, the Russian Federation</i>
Rector	<i>Aleksandr Dozorov</i>
License	<i>Series 90J01 N°8777 reg. N° 1758 dated 07.04.2017 permanent</i>
State accreditation	<i>Certificate of State Accreditation Series 90A01 N° 1816, reg. N°1723 dated 07.04.2017 valid till 26.08.2020</i>
Number of students	<i>4389</i> <i>including:</i> <i> full-time 1661</i> <i> on-site and off-site 185</i> <i> part-time 2543</i>

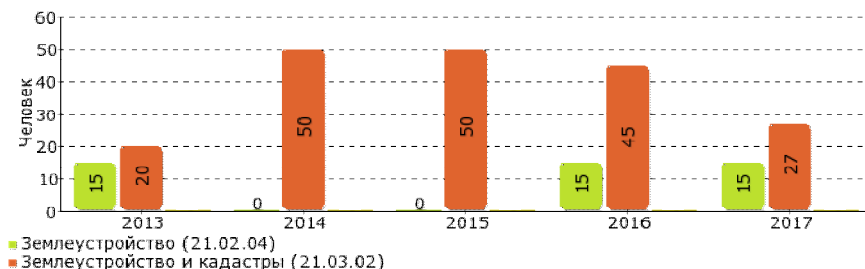

INFORMATION ON THE EDUCATIONAL PROGRAMMES UNDERGOING ACCREDITATION

Educational programmes	<i>«Land Management and Cadastre» (21.03.02) , «Cadastre of Real Estate», «Land Management» (21.02.04)</i>
Level of training / Standard period of training	<i>Bachelor's Degree Programme / 4 years Further Vocational Education / from 250 hours Secondary Vocational Education / 3,5 years</i>
Structural subdivision (head)	<i>Faculty of Agrotechnology, Land Resources and Food Production (Aleksandr Toygildin, Candidate of Agricultural Sciences, Associate Professor)</i>
Major departments (heads)	<i>Department of Land Management and Cadastre (Elena Provalova, Candidate of Agricultural Sciences, Associate Professor)</i>
Date of the site visit	<i>10-12 October 2017</i>
Person responsible for public accreditation	<i>Aleksandr Toygildin, Candidate of Agricultural Sciences, Associate Professor, Dean of the Faculty of Agrotechnology, Land Resources and Food Production</i>

SAMPLING RESULTS OF THE PROJECT «THE BEST EDUCATIONAL PROGRAMMES OF INNOVATIVE RUSSIA»

Indicators	2017
Cluster of the educational programmes «Land Management and Cadastre» (21.03.02)	
Number of the given programmes in the RF	108
Number of higher educational institutions to offer the given programmes	108
Number of programmes – winners of the project (% from total amount of these programmes offered in the RF)	22 (20,4%)
Ulyanovsk Region	
Number of the given programmes offered in the region	1
Number of programmes – winners of the project (% from total amount of these programmes offered in the region)	1 (100%)
Number of higher educational institutions and branches in the region	14
Total number of programmes offered in the region	194
Total number of programmes – winners of the project (% from total amount of these programmes offered in the region)	24 (12,4%)

REFERENCE DATA ON STUDENT ENROLLEMENT FOR EDUCATIONAL PROGRAMMES

ACHIEVEMENTS OF THE EDUCATIONAL PROGRAMMES

Quality of the delivered educational programmes

Quality of the educational programmes is provided by high qualification of the teaching staff and its systematic improvement, research activities of teachers and students, close cooperation with employers, development and continuous improvement of teaching materials on disciplines, including the electronic ones, use of innovative methods (case-methods, business games, portfolio method, etc.).

Providing up-to-date contents of education

Up-to-date contents of education are provided by annual renewal and correction of the educational programmes, curricula and programmes of disciplines. Relevance of the educational programmes, programmes of work experience internships, programmes of the State Final Examination is provided by their agreement with external experts among representatives of the professional community. The University signed cooperation agreements with the «Federal Fiscal Enterprise of the Federal Service for State Registration» in the Ulyanovsk Region, the administration of the municipal structures of the Ulyanovsk Region and other state organizations of the region. The branch of the Department «Land Management and Cadastre» was created on the base of the LLC «StroyProjectIzyskanie».

Teaching staff

24 teachers having relevant education work with the programme 21.03.02 «Land Management and Cadastre». 80% of them are Doctors or Candidates of Sciences.

Staff policy of the University is aimed at formation of the unique teaching staff with high qualification. There are famous experienced professors and young talented teachers. Many teachers have state honorary degrees and won international and national competitions. The percentage of regular teachers is more than 90%.

More than 5% of teachers are heads and workers of subject-specific organizations, enterprises and institutions.

Independent assessment of knowledge

In 2016 the University was among the winners of the national competition «The Best Higher Education Institutions of the Russian Federation - 2016». On 14 of June 2017 2nd year students of the field of study «Land Management and Cadastre» participated in the 4th stage of the experiment of the Federal Education and Science Supervision Agency on objective assessment of students' knowledge of the discipline «Engineer Land-Use Planning».

Educational resources

Material and technical resources provide implementation of all kinds of laboratory, practical, research, disciplinary and interdisciplinary activities that are provided by the curriculum and correspond to sanitary and fire-safety regulations.

There are 5 classrooms at the Faculty of Agrotechnology, Land Resources and Food Production, one of which is provided with technical training resources. Seminars, laboratory, practical and other kinds of sessions are carried out in 22 specialized classrooms. There is a computer class with an access to the Internet.

Laboratories are provided with necessary equipment.

The testing ground with the area of 487 ha and providing ground are used as the training bases.

Research activity

Teachers and students do active research. 19 course books and study guides, 2 of which are with the signature stem of the Academic Methodological Association, and 2 monographs were published for the last 5 years. 105 scientific works were published in total. 11 of them are published in HAC journals and 3 works in Scopus journals.

Active research is carried out together with the students. More than 220 student works were published in different conferences.

Academic mobility of students

The Faculty actively develops academic mobility of students. Students actively participate in scientific internships, Russian scientific conferences, national and international scientific Olympiads. Over the last years the University signed agreements about academic mobility of students with Zhangir khan West Kazakhstan Agrarian Technical University and Samara State Agricultural Academy.

The University participates in different international exchange programmes. Presentations of international educational programmes are regularly held (German Educational Centre DEILA-Nienburg, Lower Saxony; Union «Agriculture and Ecological Balance with the Eastern Europe» LOGO e.V; Farming Enterprise «AgriLIDA», Denmark).

Employability of graduates

The University is the Regional Centre of Graduate Employment and Labour Market Adaptation. It actively cooperates with the bodies of executive power and employers in land management and cadastre on staff training and employability.

Graduates are in demand in the Ulyanovsk Region and other regions of the Russian Federation (the Samara Region, the Republic of Tatarstan, etc.).

International projects

The Faculty actively participates in different international projects. A. Naumov, Associate Professor of the Department of Soil Management and Plant Cultivation, is an expert of the subject-specific championship of professional skills in agriculture on the standards of WorldSkills. Students actively participate in different international conferences under teachers' supervision: «Agrarian Science and Education at the Present Stage of Development: Practice, Problems and Their Solutions», «Science and Agroindustrial Complex», «Topical Issues of Land Management and Cadastre at the Modern Stage», «Problems of Maintenance and Transformation of Cultivated Lands: International Internet Conference dedicated to the 225th Anniversary of S. Aksakov», «Management of Land Property Relations», «Topical Issues of Environmental Engineering, Cadastre and Land Use», «Economic Changes in the Russian Land Property Complex: Analysis and Ways of Solution».

The educational programme «Land Management and Cadastre» (21.03.02) successfully passed independent assessment of education quality on certified accredited pedagogic assessment materials (APAM) in the frames of the project «Federal Internet Exam in the Sphere of Professional Education» (Quality Certificate № 2014/2/387 dated 05.03.2015).

Sergey Shaikin

Candidate of Agricultural Sciences, Associate Professor of the Department of Land Management and Cadastre

COMPLIANCE OF THE EXTERNAL REVIEW OUTCOMES WITH THE STANDARDS

STANDARD 1. Policy (goals, development strategy) and quality assurance procedures of the educational programme

Compliance with the standard: **full compliance**

Good practice:

A documented internal system of quality assurance provides continuous improvement of quality in accordance with the development strategy of the University.

All stakeholders and structural subdivisions of the University actively participate in processes and procedures of development and improvement of the internal system of quality assurance.

The University closely cooperates with employers on these fields of study.

STANDARD 2. Design and approval of programmes

Compliance with the standard: **full compliance**

Good practice:

The educational programmes are fully presented and have clearly defined purposes and expected learning outcomes.

Purposes, objectives and the development strategy of the educational programmes are clearly defined, approved and correspond to the mission of the University.

The educational programmes are corrected with the account of development of science and production, as well as with the account of stakeholders' opinions.

Requirements of the professional standards are taken into account when developing the educational programmes.

STANDARD 3. Student-centered learning and assessment

Compliance with the standard: **full compliance**

Good practice:

Students are informed about the methods and assessment criteria of the educational programme.

Cooperation between students and teachers is based on the principle of trust.

A rating system of assessment of learning outcomes is used.

Students actively participate in scientific events.

There are relevant procedures of appeal and response to students' claims.

STANDARD 4. Student admission, support of academic achievements and graduation

Compliance with the standard: **full compliance**

Good practice:

A systematic work on career guidance with students of the educational institutions of the Ulyanovsk Region is carried out.

A system of support of academic progress is used.

There are foreign students at the University.

STANDARD 5. Teaching staff

Compliance with the standard: **substantial compliance**

Good practice:

Involvement of practitioners in the educational process promotes practice-oriented education.

The teaching staff regularly improves its qualification.

Scientific and publication activities of teachers are high.

Advanced technologies and innovative methods are used in the educational process.

A system of motivation of the teaching staff is used.

High quality of students' preparation is provided due to implementation of modern educational technologies in the educational process.

Areas for improvement:

It is recommended to extend practice of experience exchange of scientific and educational activities with other educational organizations, including the international ones.

It is advisable to increase participation of teachers in joint international projects and foreign internships.

STANDARD 6. Learning resources and student support

Compliance with the standard: **full compliance**

Good practice:

Material and technical resources fully provide realization of the educational process.

Developed infrastructure provides quality education and good conditions for harmonious personal development.

STANDARD 7. Collection, analysis and use of information for managing the educational institution

Compliance with the standard: **full compliance**

Good practice:

Students and teachers have an access to the educational resources with the help of Wi-Fi.

Teachers and students get information through different information channels.

Students and teachers are involved in collection of information about the educational programmes (questionnaires, participation in discussions and implementation of corrective measures).

There is a system of electronic management of the educational institution.

STANDARD 8. Public information

Compliance with the standard: **full compliance**

Good practice:

It is easy to find information on the official web-site of the University.

Mass media, the official web-site and social network are used to inform stakeholders about conditions and achievements of the educational programmes.

There are courses, subject-specific schools for young researchers. Applicants are invited to participate in Olympiads and Doors Open Days.

STANDARD 9. On-going monitoring and periodic assessment of the educational programmes

Compliance with the standard: **full compliance**

Good practice:

There is a feedback system for teachers and students.

The University has stable relations with the leading enterprises of the region.

The Faculty and the Departments carry out annual self-examination and internal reviews of different activities.

STANDARD 10. Cyclical external quality assurance of the educational programmes

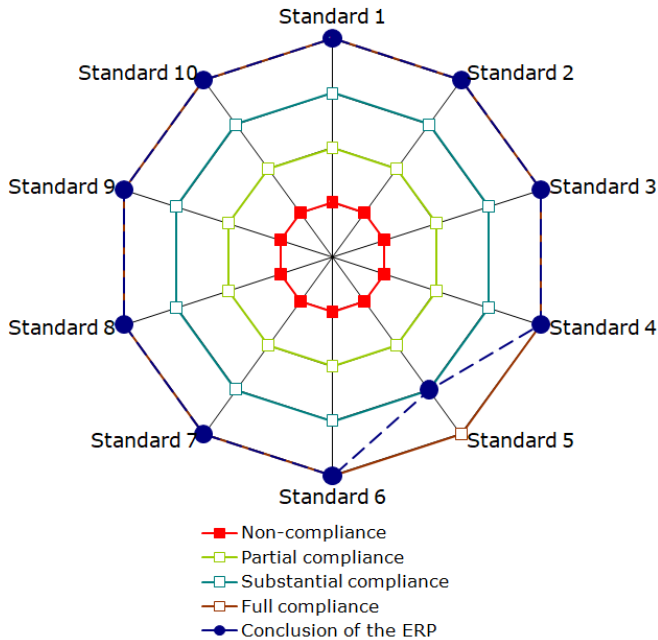

Compliance with the standard: **full compliance**

Good practice:

The University regularly participates in the procedures of external review and gets positive results.

There are procedures of corrective actions based on the results of independent assessment.

DISTRIBUTION DIGRAM OF THE EXTERNAL REVIEW OUTCOMES

- Standard 1. Policy (goals, development strategy) and quality assurance procedures of the educational programmes
- Standard 2. Design and approval of programmes
- Standard 3. Student-centered learning, teaching and assessment
- Standard 4. Student admission, support of academic achievements and graduation
- Standard 5. Teaching staff
- Standard 6. Learning resources and student support
- Standard 7. Collection, analysis and use of information for managing the educational institution
- Standard 8. Public information
- Standard 9. On-going monitoring and periodic assessment of the educational programmes
- Standard 10. Cyclical external quality assurance of the educational programmes

CONCLUSION OF THE EXTERNAL REVIEW PANEL

Based on the self-evaluation report analysis, documents and data submitted the External Review Panel has come to the conclusion that the cluster of the educational programmes «Land Management and Cadastre» (21.03.02), «Land Management» (21.02.04), further education programme «Cadastre of Real Estate» **fully comply** with the standards and criteria of public accreditation of the National Centre for Public Accreditation.

The Panel recommends that the National Accreditation Board accredit the educational programmes «Land Management and Cadastre» (21.03.02), «Land Management» (21.02.04), further education programme «Cadastre of Real Estate» delivered by Stolypin Ulyanovsk State Agrarian University for the period of **6 years**.

SCHEDULE OF THE SITE VISIT OF THE EXTERNAL REVIEW PANEL

Time	Activity	Participants	Venue
October 10, Tuesday			
8.45	Arrival at the University		15a, Studencheskaya Str., Oktyabrskiy, Cherdaklinsky District, Ulyanovsk Region
09.00 – 11.00	The first meeting of the external review panel		Conference hall of the Administration Building, Room 41, 15a, Studencheskaya Str.
